

FOUNDATION FOR THE LAW OF TIME

☐☐☐☐ **Solar Moon** - How do I attain my purpose?

### Welcome to the Solar Moon Edition of the Noos-letter!

Welcome to the Solar Jaguar Moon of Intention of the Noos-Letter of the Foundation for the Law of Time! This is the ninth moon of the Planetary Service Wavespell, holding the power of Solar Intention.

The second day of this moon brings a full moon, and on Solar Moon 14, Kin 191 - Blue Solar Monkey - arrives the 2012 spring equinox (autumn equinox in the Southern Hemisphere). This is a time of a great shift in the vibration of energy patterns.

The context of the reality in which we are operating is changing. We are being rewired from within. This rewiring is being done within our corpus callosum as we are being evolved into the recognition of a new sense organ: the *holomind perceiver*.

We are being called to purify and simplify to help assist this process. We are moving from linear consciousness to radial consciousness. Radial consciousness means that both brain hemispheres are activated and working simultaneously.

The synchronic codes assist us in this process by giving us road maps of inner time and a system to follow. [Read More.](#)

### Star Traveler's Synchronicities

Last Moon we asked: Do I live what I believe? In this moon we ask our selves: How do I attain my purpose?

This Moon's totem animal is the jaguar. Jaguar is the spirit

animal, *nagual*, of the ancient Maya seers and shamans. The mystical jaguar is a master shapeshifter and reminds us of the possibility to reshape our perceptions and circumstances and to view our life from different dimensions.

All 28 days of this moon take place within the 52-day Yellow Southern Castle of Giving: Including the end of the Dog Wavespell of Love, the entire Night Wavespell of Abundance and the first 10 days of the Warrior Wavespell of Fearlessness. Sounds like a great time to fearlessly share our abundance through our love for all!

**Dali 1 - Kin 178, White Solar Mirror (7 Mar)**

First day of the Solar Moon! The first day of this moon is the Solar tone, the same as this Moon, which heightens the power of this 28-day cycle, and which also means that today is a Magic Turtle Day!

**Seli 2 - Kin 179, Blue Planetary Storm (8 Mar)**

Full Moon. Planetary Storm perfects self-generation. [Observe the auroras from the latest solar-flare-activated geomagnetic storm.](#) The auroras represent the energy that will be consciously harnessed by a unified telepathic collective for creating the circumpolar rainbow bridge.

**Limi 6 - Kin 183, Blue Magnetic Night (12 Mar)**

Begin Blue Night Wavespell (15) of Abundance (ends on Solar 18/Mar 24). [Read More.](#)
